Ingredients

20 oz Tortellini, refrigerated (regular & spinach mix preferred but any variety will work)

½ C Pesto, prepared

4 oz Sun Dried Tomatoes (packed in oil), Julienned

Small Skewers

Process

Cook tortellini according to package instructions. Drain and place either back in pan or in a large bowl.

Stir pesto into tortellini to coat evenly.

Drain liquid from sun dried tomatoes and place in small bowl.

Skewer one tortellini followed by a strip of tomato then one more tortellini and one more tomato. If using a combination of spinach and regular tortellini, alternate so each skewer has one of each.

Refrigerate until serving.
